

NEED VOLUNTEER HOURS?

Support Breathing Room families while hitting your community service goals!

In addition to the regularly scheduled Breathing Room programming, our individualized support for each recipient family allows us to work with your schedule, abilities, and talents to help local families fighting cancer in a way that is meaningful to both them and you.

Earning community service hours can look like:

- Volunteering at a BRF event
- Packing snack bags, care packages, or comfort bags
- Delivering to recipients
- Mowing a lawn, shoveling snow, or other help around the yard
- Making dinner, packing freezer meals, or going grocery shopping for a family
- Participating in our Children's Programs
- Serving on a planning committee

and we're always open to suggestions that feature your special interest!
