# About BRF

In 1997, the Breathing Room was founded to focus on one thing: ensuring that no family fights cancer alone.

Once a family is referred to BRF, they are eligible to receive support for an entire year. This support is individualized to each family's specific needs but often includes financial support, transportation to cancer treatment, deliveries of home-cooked meals and groceries, comfort items, medical supplies and equipment, inclusion in our children's programs, and basic supplies like diapers and wipes.

**20,000+**

More than 20,000 families have been served since 1997 - here's to the next 20,000. Thank you for making our work possible.

## MISSION

Our mission is to provide individualized care and support to families affected by cancer by addressing their most critical needs so that they can concentrate their efforts on regaining their physical health.

Cancer

## About the Event

Held annually at the Philadelphia Cricket Club, the BRF Golf Classic is the largest fundraiser for the Breathing Room Foundation. All proceeds go directly to supporting local families fighting cancer. With tee times available all day on both the Wissahickon and Militia Hill courses, the pristine golf course, genuine camaraderie of the participants, and opportunity to support cancer-fighting neighbors going through the fight of their lives make this event a highlight of the BRF calendar every year.

It is only with the support of donors like you that we are able to provide local families with the support, care, and helping hand that they need in their fight against cancer. Thank you for sponsoring.

### Wissahickon Course

Walking Course

In 1920, the Club commissioned the renowned A.W. Tillinghast to create a golf course in Flourtown. Now known as Wissahickon, this Tillinghast course shows the work of a design genius at the height of his abilities. The course opened for play in 1922, and in 2013-2014, underwent a complete restoration.

### Militia Hill Course

Cart Course

The Club was proud to open a second championship 18-hole course in 2002 designed by Dr. Michael Hurdzan and Dana Fry. Adjacent to the Wissahickon course, Militia Hill's modernity complements its classic neighbor.
